TRAIN CREW IS BLAMED FOR SOUTHERN WRECK

Flagman, Engineer and Fireman Held by Coroner's Jury at Salisbury, N. C.

SALISBURY, N. C., November 27.—An investigation by Coroner Summersett of Rowan county into the cause of the wreck of special train, second No. 32, by Southern railway passenger train No. 38, in the local yards Wednesday night, when C. E. Hall and H. C. Severs of Charlotte were killed and twenty-two other passengers were injured, ended late this afternoon, the jury finding that three trainmen, Flagman Clyde Wilson of the special, Engineer A. Tankersley of No. 38 and Fireman Arthur Kelly guilty of negligence. The jury, after finding that Hall and Severs came to their death by being killed in the wreck, places the blame as follows:

"First, that Clyde Wilson, a flagman, was grossly negligent in failure to display the proper signals to protect his train, No. 32, against the wrecking train, No. 38, was negligent in disregarding signals at the block and not bringing his train under control as per the rules of the company."

"Third, that Arthur Kelly, a fireman, was guilty of contributory negligence in failure to observe and notify the engineer of the displayed signal on rear of train No. 32."

At the investigation Engineer Tankersley told the coroner "that in my judgment improper flagging caused the wreck." He claimed that there was nothing about the electric block signal to indicate a train ahead and that the same signal would have been showing had there been no train ahead. He said he never knew until this accident that "this signal gave him only qualified right of way."

The condition of O. Max Gardner of Shelby, the worst injured of the twenty-two passengers, was reported slightly improved tonight.

SMITH ASSETS DWINDLE.
Schedule Places Them at \$192,227 Instead of \$2,000,000.

NEWARK, N. J., November 27.—The assets of James Smith, Jr., former United States senator from New Jersey, who placed his affairs in the hands of trustees a week ago, total \$192,227, according to a schedule filed with the surrogate today. This is less than one-tenth of the estimate of \$2,000,000 made in his behalf a week ago. His liabilities were estimated at that time at \$1,750,000.

At present there is no way of telling how heavy Mr. Smith's liabilities are, as his creditors have ninety days in which to file claims. Edward A. Prudden, who qualified today as receiver of the company publishing the Newark Evening Star and the Newark Eagle, the newspapers in which Mr. Smith was largely interested, said that so far as could be learned the schedule filed today embraced all Mr. Smith's assets.

AN APPEAL FOR AID TO BELGIAN PEOPLE

Committee to Continue Work of Relief Which Was Inaugurated Year Ago.

DESTITUTION PREVAILS IN WAR-RIDDEN COUNTRY
Details of Conditions Outlined by Mrs. John A. Logan—Plea to Washington Public.

The District of Columbia Belgian relief committee, headed by Mrs. John A. Logan, has taken up again with vigor the work of raising money and gathering clothing to send to the destitute people in Belgium. From November of last year until last June this committee worked untiringly, with the result that a large number of Belgians, who were suffering from the effects of the war in Europe, were aided. The committee is asking for further aid for the people, who are threatened with a disastrous winter. Under the instruction of the local committee, Mrs. Logan last night issued an appeal to the citizens of the District of Columbia, which is, in part, as follows:

"The District of Columbia Belgian relief committee was organized in the name of humanity, and in the language of Mr. Lincoln, 'with malice toward none and charity for all,' and earnestly hopes that every one, without regard to creed or nationality, will generously contribute according to means to this unfortunate nation. Nothing in the history of the world's greatest calamities compares with the condition of the people and the prospect of the country of Belgium."

Millions of People in Distress.
"In the rigors of a cold winter millions of hungry, weary, of all ages and classes, are condemned to endurable sufferings without food, clothing or shelter. Thousands would have succumbed to the bitter blasts and the pangs of hunger but for the spontaneous generosity of the people of the United States. The situation is still such that it will require all the funds and supplies that can be raised by individuals, communities, clubs and organizations whatsoever. There is plenty of work to be done by whosoever will lend a helping hand in the long-drawn-out struggle of a nation's distress."

"This committee is composed of the representative citizens of the District of Columbia, is deeply sympathetic and in earnest in its appeal and the work it proposes to perform without fee or reward. They appeal to all the people to help this winter, as they did last, in the committee's efforts to do, in the name of the capital of a great and prosperous nation our part in this humanitarian work."

Business Men Asked to Aid.
"I call upon the business men of Washington and all citizens to send or come to the headquarters in Mrs. John A. Logan's residence, Eagle Lodge, 2523 13th street northwest, with money and all you can give of second-hand clothing that is good, shoes and materials to be made up into garments for women and children. The committee is in touch with the committees in Europe and has received acknowledgment of everything sent heretofore. Every Friday, from 2 to 5 p.m., the ladies make garments for the women and children. All are cordially invited to come and assist."

"This committee will keep a strict account of all contributions, acknowledging them through the press and by letter."

Additional List of Workers.
Among those attending the meeting were Mrs. Henry W. Lawton, Mrs. Mann, Mrs. William E. Daniels, Mrs. Owen, wife of Maj. Owen, U. S. A.; Miss Jeanie Winston, Miss Katherine Thomas, Mrs. Johnston Wallace, Mrs. McKay, Miss Howard, Mrs. Parker, Mrs. Riddleberger, Mrs. Stillman, Miss Ludlow, Mrs. Bartlett and Mrs. Holbrook.

It was announced that 150 yards of material for dresses, skirts and wrappers have been procured and that next Friday afternoon the work of making up garments from this material will begin. Three sewing machines will be on hand for use and the meeting will be held at the headquarters in the home of Mrs. Logan.

The committee announced last night the receipt of the following donations of money for the relief fund: From a friend, \$20; Mrs. I. C. Gray, Anacostia, \$2.

TOBACCO IS NOW FREED FROM WAR RESTRICTIONS

British Government Agrees Not to Interfere With Neutral Shipments.

The British government has yielded to the American representations for removal of all restrictions on the shipment of tobacco to neutral consignees in neutral countries. Word of this reached here yesterday from the American embassy at London.

The British embassy sent the following message to Secretary Lansing: "The foreign office informs me that the British government agrees for the present not to interfere with the cargoes of tobacco shipped to neutral consignees in neutral countries, and states that in these circumstances tobacco in its forms destined for Holland will no longer be required to be consigned to the Netherlands Overseas Trust."

The removal of the British restrictions, protested against by representatives of tobacco-producing states, relieves a situation which resulted in overstocking of the tobacco warehouses. Scarcity of ships to handle the product and high freight rates now confront tobacco shippers.

POUCHES NEEDED FOR BIG MAIL
Extraordinary Demand for Empty Bags Told by Post Office.

Enormous quantities of mail moving throughout the country, which the post office department attributes to the progress of the business revival as well as the approaching holiday season, have caused special notices to be sent to all postmasters.

"Owing to the great revival of business," says an official announcement, published yesterday, "the volume of mail has increased to such an extent as to embarrass the department seriously in supplying mail sacks. It is necessary that all surplus sacks and pouches be gathered at the depositories, with a view of meeting the extraordinarily heavy demand for empty mail bags that will be made by the service from now until after the holiday season."

The department's requests require that every sack must be put to work and kept working until the close of the year."

MISS PUNCHEON ELECTED.
Heads Association of Colleges and Preparatory Schools.

PHILADELPHIA, Pa., November 27.—Miss Katherine E. Punccheon, principal of the Girls' High School of Philadelphia, was today elected president of the Association of Colleges and Preparatory Schools of the Middle States and Maryland, which is holding its twenty-ninth annual meeting here. Her election, which was unanimous, marks the first elevation of a woman to the presidency of the organization.

A special committee appointed to investigate the comparative records made by students admitted to college on examination and on certificates, respectively, reported that investigation in Wellesley, Mount Holyoke, Smith and Vassar disclosed that the students admitted by examination were more proficient.

CHARY ABOUT INVESTMENTS.
French Capitalists Object to Conditions in Cold Storage Business.

PARIS, November 27, 5:35 p.m.—Andre Lebon, former minister of commerce, said today at the Academy of Moral and Political Science that in view of the need of the importation annually of at least 200,000 tons of cold storage meat it was necessary to overcome objections of dealers to spending money for cold storage plants without assurance that they will be able to continue this business for several years.

M. Lebon advocated a bill making provision to this effect which was passed by the chamber of deputies in July, but was defeated in the senate. He said the special interests which are opposing the importation of beef should be disregarded by the higher authorities in the interests of the people.

PRESIDENT DOWN FOR SPEECH.
American Red Cross to Hear of War Relief Work.

Plans for the annual meeting here next month of the American Red Cross, announced last night, provide for an address by President Wilson and a work in Europe by Miss Mabel T. Boardman, Myron T. Herrick, Norman Hapgood and Miss Anne Morgan, daughter of the late J. Pierpont Morgan and active in philanthropic work.

It was said that a proposal to divide the organization into two sections, one devoted entirely to war relief work, might come before the annual meeting.

MUSIC TO BE FEATURE OF SUFFRAGE PAGEANT

Planned to Show Mood in Which Each of Ten "Episodes" Begins.

Mrs. W. T. BURCH, Chairman of the participation committee.

Music characteristic of the mood in which each of the ten "episodes" begins is to be a feature of the Susan B. Anthony pageant, the presentation of which in December will conclude the convention in this city of the Congressional Union for Woman Suffrage. This production's scenes take up in turn the ten most important happenings in the life of Miss Anthony, hence the term used therefor.

When the curtain descends this music will be illustrative of the mood in which the episode ends. As an example, the drums and heavy instruments will be prominent in the "march" convention of the life of Miss Anthony, hence the term used therefor.

of five feet. The plant is of the euphorbia family, and is closely related to the cactus. The leaves measure a foot across. It is an upright plant, long, somewhat pubescent, becoming more entire and of the brightest vermillion red above. Varieties have white and yellow bracts and some have double bracts. The collection makes a gorgeous appearance with its whorl of red leaves at the top. The sap from the point of the leaf is said to be poisonous. An average of 70 degrees of heat in the daytime and 60 at night is necessary that the plant may thrive.

IN AID OF WOUNDED MEN.
Appeal for Surgical Dressings for War Hospitals in Europe.

"Will you help us supply surgical dressings for the wounded in the war hospitals of Europe?" That is the query sent forth by the surgical dressings committee of the District of Columbia section, woman's department, of the National Civil Federation. The committee is in charge of the work in Washington at headquarters at 1623 H street northwest tomorrow morning at 10 o'clock.

Help may be given, it is explained, by sending old linen and muslin, washed and pressed, without starching, or, or else to the committee. Those in charge of the work in Washington are Mrs. Archibald Hopkins, Mrs. Frederick Brooke, Mrs. John McLaughlin, Mrs. A. P. Randolph, Miss Clara Farrar Smith and Miss Abbie B. McCammon.

Reports on Officers' Exams.
Reports from the examinations of fifteen retired army officers who have taken the examination for restoration to the active list under the recent act of Congress are now on the desk of the Secretary of War, awaiting action. There are some reports that have not yet been received of examinations which have been conducted at posts on the Pacific coast and other places distant from Washington. It is understood that the Secretary will not take any action on any of them until they are all before him.

CARD OF THANKS.
WOLZ, I wish to express my sincere gratitude to the many kind friends for their sympathy and kind tributes sent to me in my bereavement. CHARLES WOLZ.

DIED.
